

Abthorpe Broadband Association Ltd.

Bringing Broadband to the community since 2003.

Installation complete Member acceptance

This form is a record of the service tests following an "installation complete" process and should be completed by the Member and the person authorised by the Association who carried out or was responsible for the installation. If the Member wishes to retain a copy, the form should be completed in duplicate during the visit.

Any speed test should be conducted with a gigabit LAN device plugged into the LAN socket of the ONU (fibre) or the power injector (radio)
